Silk Night Robe

So, Stephan asked me to undress. I picked my favourite lingerie sets for this shoot. I wanted no prosaic black and white tones, so I took the colour I would be mesmerized about each time I would wish to look at the images. A silk night robe complemented the image. I layed down to the luxurious bed and we created this beauty.

I love the low-fi feel of the work of Peter Lindbergh and Renee Jacobs, and wanted to capture some of that feel in this set with Julie Matthews. I think it has a little bit of a dreamlike quality for me. A very beautiful dream.
